FTL TRANSPORT

NATANEX Logistics Poland is a trusted logistics service provider to the leaders of the global industry.
We carry your Full-Truck-Loads to everywhere on time.

REMOTE TEMPERATURE CONTROLLING SYSTEM VIA GPS

We have the real-time temperature data right on our desktop via GPS system.
We know exactly when trailer temperature drops below or rise above defined limits.
In case of necessity, to keep your cargo at the desired temperature,
we are able to take action before it is too late.

- KEEP IT FRESH
- KEEP IT FROZEN
- PROTECT PHARMACEUTICALS
- TEMPERATURE-SENSITIVE DELIVERY
- ACCURATE, RELIABLE & SAFE EVERY TIME
- CONTINUOUS & REAL-TIME TEMPERATURE MONITORING

LTL TRANSPORT

For your Less-Truck-Loads (starting from 1 pallet)
NATANEX has Groupage Service Organisation.

THE HVG EXPERT

We are the Expert to Carry High-Value-Goods.

SAFETY POLICIES

We transport high-value goods: electronics and home appliances, tobacco products.

SBS PADLOCKS

All trailers have an alarm in back doors, special metal seal both at outside and inside of backdoors.

TRAINED DRIVERS

All our drivers are well trained about „safety during way and during stops“.

TEAM DRIVER OPTION FOR RISKY AND AGILE SHIPMENT

For such cargo we always provide trucks with two drivers.

SECURITY & MONITORING

All our drivers must sign special protocols that only authorized and safe trucks stops can be used.

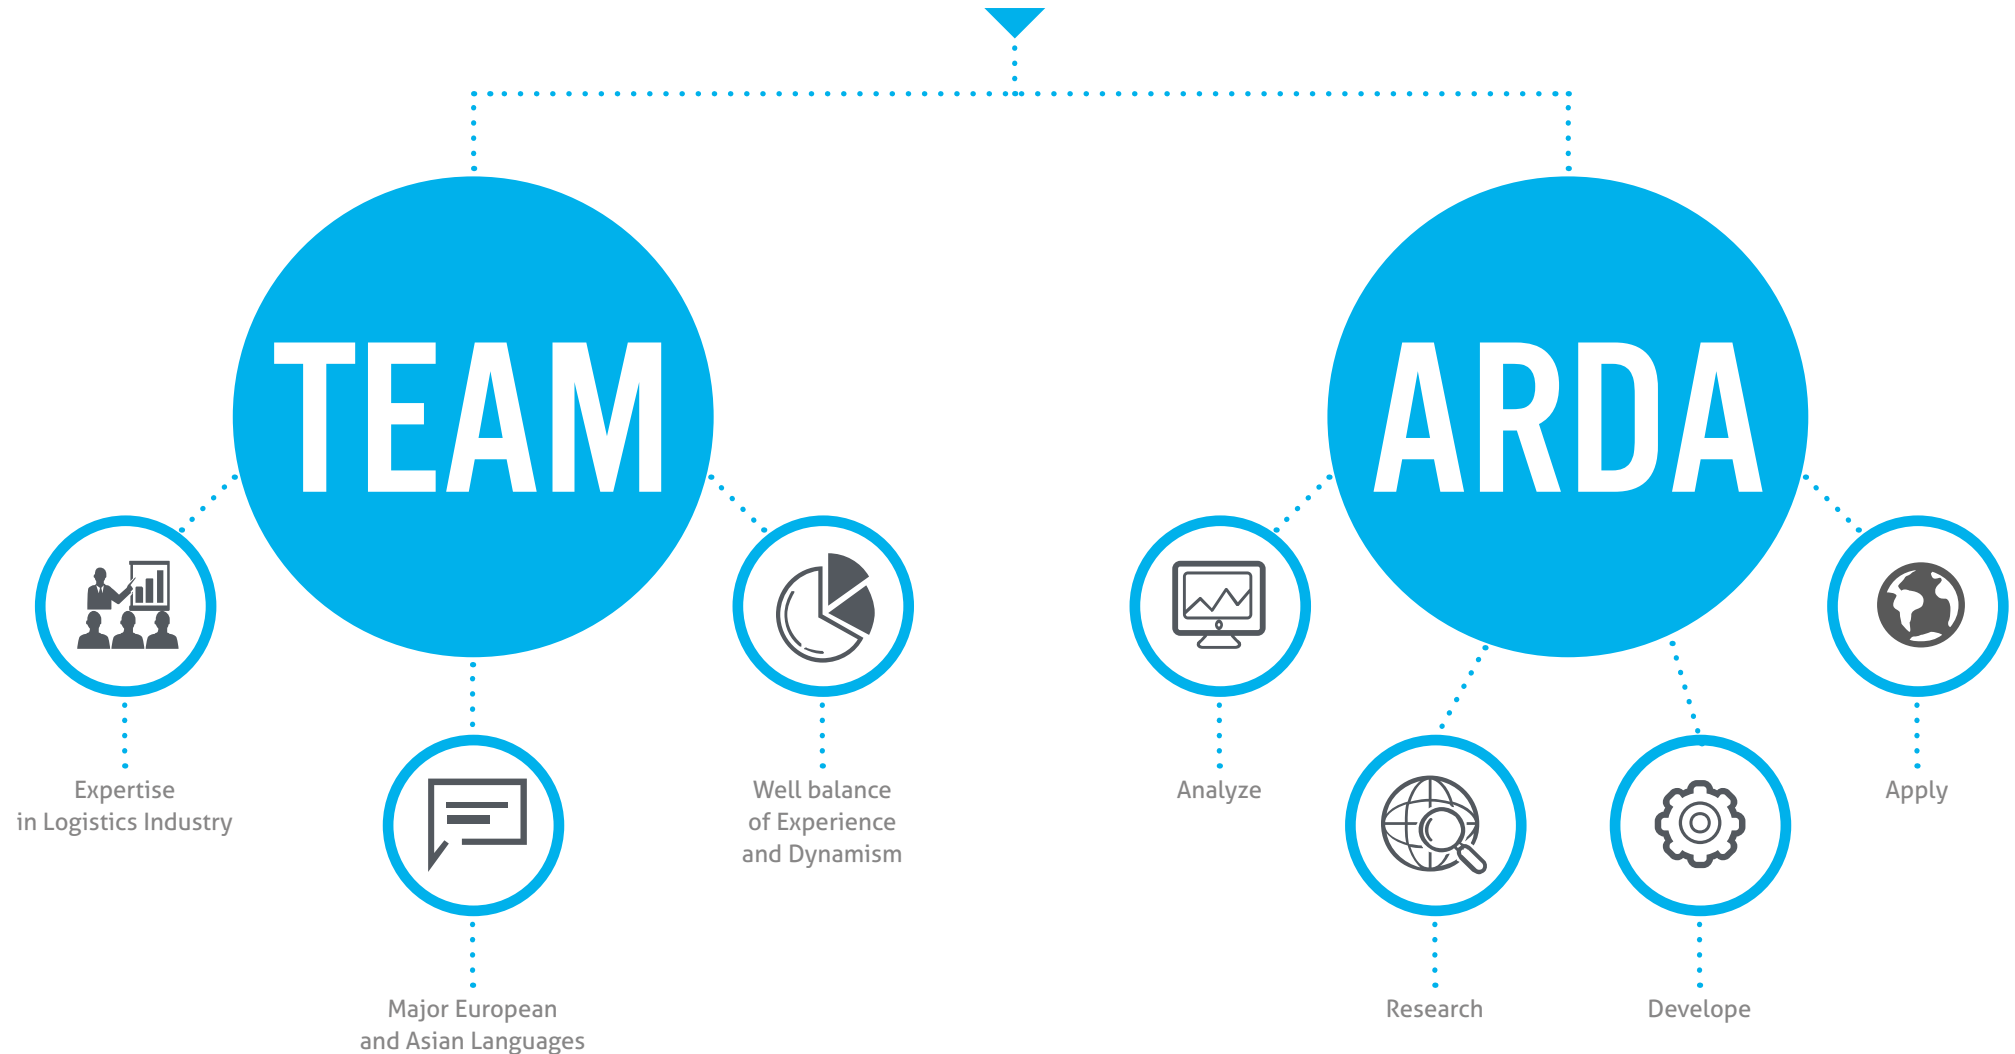

DYNAMIC GPS TRACKING SYSTEM

Our trucks are connected to Shell GPS System.

ENGINEERED FOR YOU

We produce special solutions
for each of our client's individual needs.
